

Peighton Childress

Teacher | Mentor | Daughter | Sister | Friend

LinkedIn: <https://www.linkedin.com/in/pchil7/>

Peighton is a proud follower of Jesus and Detroit native who holds a Bachelors in Engineering from the University of Michigan. She currently teaches middle school at Westside Christian Academy, where she is learning daily what it means to lead with truth, love, and patience. She is a member of River Rouge Bible Assembly, where her faith continues to grow and deepen.

Peighton serves as a Cohort Lead and Mentor with the Midnight Golf Program (College Career Beyond), a college and career readiness program that played a role in her own journey. She is passionate about building intentional relationships, having honest conversations, and exploring how mental health and faith intersect in everyday life.

She finds joy in working with young people as they figure out who they are and who God is calling them to be. Peighton is loving, caring, and candid, always rooted in compassion and deeply committed to becoming more like Christ. Her greatest desire is to be found faithful—to keep growing and helping others do the same, one conversation, class, or hard moment at a time.
